Subject: Public Exhibition - Planning proposal to enhance provisions for earthworks and dewatering

Good morning,

Today Woollahra Council commenced public exhibition of the [planning proposal to enhance provisions for earthworks and dewatering](#).

The planning proposal seeks to strengthen the existing provisions in the *Woollahra Local Environmental Plan 2014* to minimise the impacts of dewatering from the construction of underground structures, and require the consideration of impacts to surrounding properties at the development assessment stage.

The proposed amendments will apply to the whole Woollahra LGA and will complement revisions made to *Woollahra Development Control Plan 2015*, which came into force on 6 December 2021.

The exhibition period will run from **Wednesday 9 February 2022 to Friday 11 March 2022**.

For further information on this project, please contact me on 02 9391 7000.

Kind regards,

Lyle Tamlyn
Strategic Planner
